April 2024

During this trip pupils will experience a 60-minute workshop into Business, Tourism and Marketing. They will be split into two groups with a specific time slot and supervised by staff members. Pupils will learn about creative techniques implemented into Chessington's strategy to target their market and how they meet their needs precisely. Additionally, pupils will understand the benefits and risks of expansion into new markets, large businesses and discover reasoning behind changes made to the park as well as understand the impact on the environment. Following the presentation, pupils will then be split into smaller groups with the opportunity to visit the park at their leisure, accompanied by one member of staff per group for the rest of the day.

I hope all business pupils join this exciting opportunity where their efforts can be celebrated and the knowledge developed in an environment which will provide lasting memories and enjoyment.
